

Soy Flour and Grits

Cleaner Taste with the Functionality You Need

Soy flour and grits are an essential component to enhancing the nutritional, protein and textural qualities of consumer-pleasing food products. Count on us for the expertise to help you get the most out of these purposeful ingredients in any application, from ground meat systems all the way to donuts and sweet goods, with specialty breads, gluten-free baked goods, and cookies and crackers in between

86% **of global plant-forward consumers* say it's healthier to get protein from a wider variety of sources[1]**

[1] *ADM OutsideVoice™ Global Protein Consumer Discovery Report, 2025*
*ADM research defines plant-forward consumers as flexitarians, vegetarians and vegans.
