

Textured Soy Protein

Cleaner Taste with a Great Texture

Today's mindful consumers are consciously bringing plant-based alternatives into their health focused lifestyles. Stay ahead of consumer needs and partner with ADM - we bring you the most expansive portfolio of textured soy protein ingredients in the industry. Our textured soy portfolio provides ideal texture, clean taste, high functionality, technical support and precise application expertise, so you can harvest advantages with faster speed-to-market.

74% **of global plant-forward* consumers say it is important for meat alternatives to mimic the taste/texture of their animal-based counterparts[1]**

ADM OutsideVoice™ Global Protein Consumer Discovery Report, 2025

*ADM research defines plant-forward consumers as flexitarians, vegetarians and vegans.

Textured Soy Protein Portfolio

Lead The Market With Us, the Leader In Textured Soy Protein

ADM pioneered textural advances by inventing TVP® in the 1960s and continues building extrusion expertise and capacity with strategic investments to offer the industry's most expansive portfolio of regionally grown and produced textured soy proteins.

SUPERB TASTE AND TEXTURE

Produced utilizing our unbeatable technical and extrusion expertise to create a cleaner tasting, targeted texture product that functionally performs. Our broad portfolio enables us to provide the precise texture and desired mouthfeel your consumer demands every time.

APPLICATIONS EXPERTISE

Our in-depth understanding textured proteins helps you deliver the targeted structure, texture, and expected bite and chew consumers are looking for in plant-based products.

FIRST IN THE INDUSTRY INNOVATION

We're growing our presence in Europe through the expansion of our Wageningen Protein Solutions Center, investing in our technical service capabilities and equipment to provide technical guidance to our customers every step of the way. We can build, scale and problem-solve the next generation of protein innovation together.

RELIABLE SUPPLY

Our longstanding farmer relationships help enable Europe grown, sourced and produced soy protein to provide you with a secure supply of locally sourced and produced ADM textured soy proteins.

More Applications, More Benefits

- Meat Alternatives
- Processed Meat
- Bars
- Ice Cream and Novelties
- Cereals
- Baked Goods Inclusions
